seeds, cleaning *338
seeds, saving own 317
unpredictable 206
very early baby—M. Calvo 402
yield increased 322
Tomatoes, fertilizing *132
fruit late in season 238
ornamental *78
picking under-green not good practice 129
tobacco harmful to 262

THE PENNSYLVANIA HORTICULTURAL SOCIETY

(Organized November 24, 1827)

ILLUSTRATED LECTURE

"Native Shrubs of the Allegheny Highlands"

By DR. MAURICE BROOKS

West Virginia University

January 3, 1945 (Wednesday)

3:00 P.M.

Auditorium, Sixteenth Floor

1600 Arch Street, Philadelphia 3, Pa.

Members may bring friends.

Winter Hours — Office and Library

Weekdays — 9 A.M. to 5 P.M.

Saturdays — 9 A.M. to 12:30 P.M.

THE HORTICULTURAL SOCIETY of NEW YORK, Inc.

598 Madison Ave., New York City 22

Wednesday, January 17, 1945

2:30 P.M.

FLOWER SHOW

and

LECTURE

MOVING PICTURE OF NATIVE PLANTS

(including lapsed-time pictures of plants growing)

By WALTER E. THWING

Annual Membership: $10

Professional Gardeners: $5 Annually

Tools need special care 227
Trap, Have-a-Heart, used—L. M. Coffin 384
Tree, American Black Walnut—H. R. Mosnat .210
and shrub names, origin 30
banding dangerous 295
bases, exposing tender *32
beech, near rhododendron 462
European fir—J. Oxycedrus 74
Japan pagoda 359
Japanese maple, how to select red-leaved ...484
peach, raising from seeds 389
pecan, in the North 413
shade, conference in Pittsburgh 320
sourwood (Oxydendrum arboreum)—G. A. Sweetser 454
stump, elm, to rot quickly 14
stumps, burning out—Mrs. F. W. Pugsley .. 50
stumps and termites—S. W. Bromley *429
stumps, destroying—W. Dixon, 100; (RG) .153
F. W. Pugsley, 286; H. P. Dorman 442
white birch, how to handle seeds 494
why foliage dies on fruit 238
wounds, lanoline for 293
Trees and shrubs, care of 453
and shrubs lost at Brooklyn Botanic Garden (RG) 381
and shrubs not to be transplanted in Fall ..484
and shrubs, Winter injury (RG) 265
apple, unpruned *132
builders of morale 173
dwarf fruit, gain in favor—L. A. Jensen ...360
evergreen, to grow near salt water 439
fir, on the home grounds—Lt. B. Blackburn . 27
firs as Christmas 472
flowering, good—E. S. Foote 458
for street planting 2
for victory 189
fruit, proper interval for setting 185
hardwood as opposed to soft wood 413
holly, in shady locations 158
horse chestnut, resist high winds 448
identifying fir 27
in Italy—Sgt. E. J. Zevitas 321
oil sprays on evergreen 158
peach, injured by moth 159
pruning fruit 51
Royal Oak's memorial 474
shade and their value—J. R. Griffith 246
tests on dwarf 360
to thrive in city yards 462
watering newly-set 294
Winter patterns of branches 496
Tribute to service men, living 154
Trilliums, native wild flowers 175
Tritoma Robin Hood 5
Tuberose tubers in Winter 387
Tuberoses, good use of—M. H. Kelly 181
keeping over Winter 14
Tulips, supply short 220
Turnips, growing quality 207
Tying a plant to a straight stake 318

U

U. S. O. on Boston Common, planting 228

V

Vegetable cooking timetable *78
crop, timing 206
crops most important for home garden 185
planting table 128
row for school lunches 241
seed situation 314
tests in a home garden—M. L. Davison 179
trials, Connecticut—Mrs. C. I. Stephenson .505
varieties tested—K. W. Houghton 313
Vegetables after picking 314
at their best 288
crossing of 288
demand for 11
for smoky districts 115
for Winter storage—L. C. Grove 366
new, appraised—S. Kimpton 403
new, tried out—J. Rand 384
pick at any time 52
quick freezing of 254
stored for Winter—L. C. Grove 385
to follow early crops 252
use of poultry manure on 159
Veltheimia excellent house plant—W. N. Craig 456
Viburnum burkwoodi 500
Viburnums, sulphur injures *268
Victory garden conference at Detroit 85
garden institute 87
garden letter from California (RG) 245
garden makers' reports 432
garden movement in Cleveland 201
gardeners, contest for 295
gardeners in Chicago, young (RG) 245
gardens, getting an early start—P. W. Dempsey 129
gardens in 1944 69
gardens in 1945 .....426, 497
gardens in Colorado (RG) 225, 337
harvest show in Boston n364, n382
Vinca in dry shady place 136
Violet, parma (RG) 28
Royal Robe, new sweet-scented—M. L. Hellings 46
Violets, African, variety in 431
indoors and out—R. Layton 226
seed-producing flowers of 484
Vitamin content of edible native plants 484

W

War garden committee n78
Waterlilies not blooming in fresh, clear pool ..269
Watermelon, toughening a *483
Watermelons, transplanted—B. Haddrell 385
Weather, abnormal Spring (RG) 265
Webster, Edwin S., rose garden at Quissett ...242
Webworms, Fall, plentiful 363
Weed growth in driveway, killing 318
Weeds, choosing your own—J. H. McFarland .111
eradicating in lawns—J. A. Demonet 460
killing perennial 435
safer to burn 389
Weyburn, Mrs. Lyon, president of Garden Club Federation n429
Wheelbarrow, post-war 416
Wild flower preserve, Bowman's Hill 392
Window boxes in Washington, Mrs. Austin's (RG) 430
Winter damage to plants in New England (RG) 245
Wireworms, damage from 252
Wisterias which fail to bloom—J. A. Demonet 456
Wisteria, will it grow in shady places? 159
Witch-hazel, Chinese, blooms early (RG) 73
Wood for the fireplace 395
preservative, *382; (RG) 430, 457
Woodchucks, protection from 136
Worcester Horticultural Society (RG) 225
Worm canker, outbreak 235, 498
catalpa 408
corn-ear, in Oregon—F. S. Twining 266
Wright, R., awarded G. R. White medal 228

Y

Yearbook awards for 1944 449
Yearbooks, prizes for garden club 2, 159, 187, 207, 218, 253, 487, 509
Yew hedge clippings as mulch or compost 185
Yews, wood soil for 457
Yucca, habits of—E. Clarke 476

Z

Zinc chloride for posts 457
Zinnias and more zinnias—J. H. McFarland ..336
of a new type—H. R. Mosnat 403
